

# GALAXY COVE™ SERIES

## GALAXY COVE™ SERIES - WHITE (WW & NW)

The GALAXY COVE - WHITE is an energy efficient white light linear fixture with two color temperature options: 3000K and 4000K which are ideal for coves, backlighting, edge lighting, effect lighting in restaurants, casinos, nightclubs or in numerous other architectural applications or venues. The unique power cable position allows for end-to-end placement of fixtures which provides an optimal even light distribution pattern.
