

THE ION QUANTUM™ SERIES

ION QUANTUM™ SERIES

The LED Lamp Fixture retrofits existing 120VAC lamps / edison base (constant power supply needed) for industrial style low bay fixtures. It uses only 60 watts of power and produces 4500 lumens with a compact hi powerLED array. Built of aluminum with an adjustable mounting bracket for optimal downlight cut off. It can also swivel on the mounting bracket up to 180 degrees, ideal for fine tuning the beam direction.
