

# THE LIGHTBENDER™

## THE LIGHTBENDER™

Impact Lighting Inc.'s LIGHTBENDER is the brightest light water feature product line available in the market today. It is 10x brighter than any industry leader laminar. Impact Lighting Inc.'s LIGHTBENDER outperforms any lit water feature in the world today by virtue of its brightness and distance.

The LIGHTBENDER uses our own Aquatic Thermal Matrix Technology (ATM) that allows 10 x more direct bright light while maintaining cooling surface temperatures which creates a longer lifespan than any other laminars.

The LIGHTBENDER can transform the simplest of pools or architectural projects into a showplace, day or night. The LIGHTBENDER adds a splash of color and excitement to the nightlife of a pool or spa.

180
