

PRODUCTS: GALAXY SCREEN™

GALAXY SCREEN™

Galaxy Screen™ are used for window/wall treatments, space dividers, architectural accents, lighting fixtures, stage backdrops and exhibition displays.

Residential, commercial, small, or large, Impact Lighting Inc design team stands ready to review plans, recommend styles and finishes, or customize a Galaxy Screen solution that's right for every customer's vision.

FINISHES

NICKEL PLATED STEEL / NICKEL PLATED BRASS

Sophisticated, bright silver finish, highly polished, creates a clean sculptured crisp appearance.
Offered over steel or brass.

BRASS PLATED STEEL

Traditional gold tone adds color and warmth.

ALUMINUM

Good option for environments where rusting or weight is a concern.

STAINLESS STEEL

Pewter, silver gray in color adds a softer feel with impeccable durability.
Best option for any applications where there is a lot of moisture. Good for indoor/outdoor applications including, showers, pool settings, bathroom applications, etc.

YELLOW BRASS

Traditional gold tone adds color and warmth. Made from high quality yellow brass material.

ANTIQUE BROWN

Antique finish with underlying earth tone that offers a subtle enhancement.

GUN METAL / HEMATITE

Hematite finish with rich, dark luster that is ideal for a rich sophisticated enhancement.

MEDIEVAL BRASS

Antique brass plate with underlying earth tone that offers a subtle enhancement.

DUNGEON FINISH

Antique zinc plate with underlying earth tone that offers a subtle enhancement.

MYSTIC RED

Antique copper plate with underlying earth tone that offers a subtle enhancement.

POWDER COATED FINISH (BLUE STARDUST)

A full range of powder coat colors and textures includes a comprehensive color palette.
The range includes, special effects finishes, the smooth & glossy series, and an array of textured finishes.

COLORS
